

Macedonian HEIs Ranking 2015-2016

[Ranking](#)

[Methodology](#)

The 2015-16 Ranking of Macedonian Higher Education Institutions (HEIs) was commissioned by the Ministry of Education and Science of the Republic of Macedonia in 2015 and released on March 1, 2017. Nineteen qualified HEIs are included in the ranking. The ranking used 21 indicators of academic performance and competitiveness, covering core missions of HEIs such as teaching, research and social service. Following the successful release of the ranking in 2012 and 2014, this is the third time that the ranking is compiled, which is expected to continuously contribute to the transparency, quality, and efficiency of Macedonian HEIs.

Overall Rank	Institution	Total Score	Score on Teaching & Learning	Score on Research	Score on Social Service
